Dear Chief Steckler,

Please accept this letter as the official notice of the Arizona Association of Chiefs of Police support for your candidacy for the position of IACP 4th Vice President during the 2008 IACP conference. Our Executive Board support for your candidacy was unanimous.

We thank you for taking your time and incurring the expense to travel to Arizona to attend our January meeting and address the membership. As you probably experienced from attending our meeting we are in the process of developing our organization to be an influential force affecting community safety, public policy, and related legislation. We would appreciate your support in promoting our interests at the national level.

Good luck in your endeavor to achieve IACP elected office. Please call upon us in the future. It would be good timing to send us an email reminder prior to the San Diego conference to restate your candidacy for our membership support.

Take care and be safe.

Respectfully,

Ralph Tranter
Executive Director
