

Morro Bay PD and Dispensaries

For those of you with marijuana dispensaries, the DEA, US Treasury Dept. and our local sheriff's dept. served search and arrest warrants on our local marijuana dispensary today after almost a year long investigation into multiple illegal activities. Specifics of the illegal activities cannot be released at this time but it ranged from illegal marijuana sales to undercover personnel, money laundering, and other activities even at different locations in the state that were tied to our dispensary. I know there is a CPCA sub committee on dispensaries that wants information and that is the purpose of this email. Unfortunately, I don't have specifics yet on the entire investigation and criminal activity. I do know the DEA seized just about everything in the dispensary except the desks. I hope this information helps the subcommittee somehow.

John DeRohan, Chief
Morro Bay Police
