

Audit of evidence room/system using an independent firm. What agencies that have done this, who were used and their opinions of the value of the result.

I received many replies to my request. There were three organizations with multiple recommendations. They are listed in relationship to the number of recommendations received:

Evidence Control Systems, Inc.

This firm received the most endorsements. The proprietor is Joseph T. Latta. He is located in Burbank, California with a phone number 1-818-846-2963. His quote for our department is \$12,500.

DB Consulting

The proprietor is Dan Bullock of Cedar Ridge, California with a phone number 1-530-274-3430. His quote for our department is \$3800.

POST Management Counseling

The contact person is Jack Garner at 1-916-227-4800. This was reported to be at no cost to the agency. The information indicated that using this option may not be as timely as others because of POST workload. I have not contacted POST for information as yet.

Marty Mayer, General Counsel to Cal. Chief's

Marty offered his services and indicated any service provided would be covered by attorney-client privilege.
