Subject: FW: Arroyo Grande PD seeking info on policies re: logger-recorders

At the Vernon Police Department, we record nearly all of the phones in our station. We also record our Police, Fire, Public Works, and mutual-aid radio frequencies. Our Chief, Captain, and Industrial Relations/Internal Affairs division have primary access to any recordings. As recordings are requested, access will be given or copies of recordings will be made on a case-by-case basis. Generally, I will make copies of recordings and burn them to a CD when they are needed by our detectives or requested by our DA.

We not have a written policy.

If you have any further questions, feel free to contact me.
